

Key Instant Recall Facts

Year 1 - Summer Term 2

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **with speed and accuracy**:

I can find $\frac{1}{4}$ and $\frac{1}{2}$
of a quantity

Children should be able to find a half or a quarter of a quantity, both using objects and using pictures or numerals.

Half of is

Is this a quarter? Tell me how you know!

Key vocabulary

half $\frac{1}{2}$

quarter $\frac{1}{4}$

equal parts

part

whole

Top tips

The secret to success is practising *little* and *often*. Use time wisely. Can you practise this KIRF whilst walking to school or during a car journey? You do not need to practise all aspects of the KIRF all at once; perhaps you could have a fact of the day, or a few facts per week to practise? If you would like more ideas, please speak to your child's teacher.

Practical resources and ideas

Using objects around the home, ask your child to share into groups of two or four to find a half or a quarter. You could also use money, e.g. 1p pieces. Count how many altogether first then share equally.
